

CANADIAN STANDING AMPUTEE ICE HOCKEY

PUT YOUR DISABILITY ON ICE

What is the CAHC?

The Canadian Amputee Hockey Committee was established on February 25th, 2001 by Canadian Amputee Sports Association.

Our goal is to develop amputee hockey for both recreation and competitive play.

We help amputees to get over their impairments, and participate in sports. Sports can significantly increase self-esteem levels of athletes with a disability.

Canadian Amputee Hockey Committee (CAHC) Mission Statement

The Canadian Amputee Hockey Committee (CAHC) is a committee of the non-profit Canadian Amputee Sports Association (CASA), proud members of the Canadian Paralympic Committee (CPC), that has been organized for the purpose of promoting ice hockey for amputees regardless of age, gender, race or physical ability.

The CAHC conducts annual recreation training camps and games. As well, there is a focused effort promoting youth camps each year, along with a national team program. The CAHC's goals are beginning to become realities, with awe-inspiring results. We held a Canadian/American youth camp in October 2003, with great participation from tomorrow's amputee superstars.

Smiles made it all worth the effort!

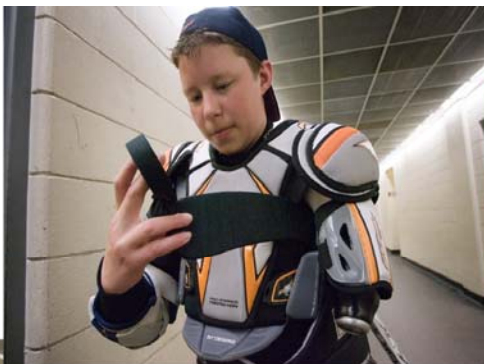

The CAHC goals are:

- To outreach to all amputees across Canada and encourage them to "Put their Disability on Ice";
- To establish CAHC contacts in each province across Canada;
- To recruit more amputees World Wide to play Standing Ice Hockey;
- To continue to develop the Standing Ice Hockey internationally through World Amputee Ice Hockey Championships and events, with at least eight nations being represented;
- To fulfill the requirements to allow Amputee Standing Ice Hockey to be recognized as a full medal sport by the International Paralympic Committee, IPC;
- To be full members of Hockey Canada by 2010;
- To continue to dominate the world in the sport of Amputee Standing Ice Hockey.

Under 18 Developmental Program

CAHC's desire to create an environment for kids with amputations to interact with peers, all the while gaining confidence through sport, at our junior skill development camps

Canadian Amputee Hockey Team's Drive for Five

Gold Again in 2010?

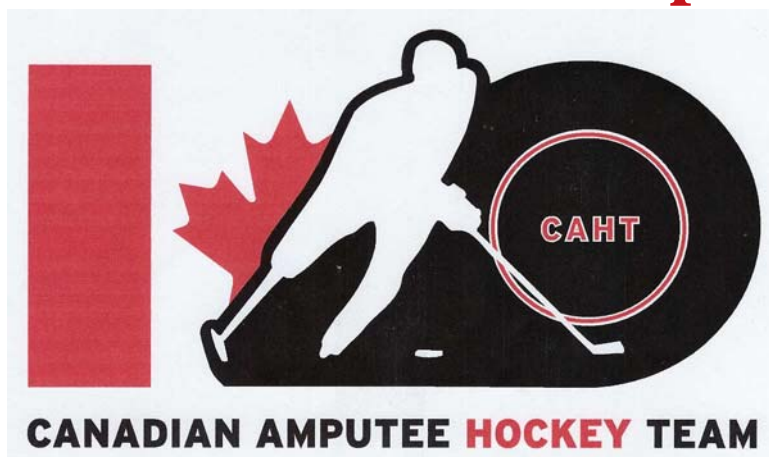

The drive for Canadian Amputee Hockey Team's 5th Gold medal begins now with their first event in Haliburton, Ontario.

The Scotty Morrison Charity Hockey Tournament
February 6,7,and 8, 2009.

This will be followed by a spring training camp and fall final selection camp where the roster for Team Canada will be determined for the 2010 World Championships to be held in
Canada.

How You Can Help

We are relentless in our bid to grow this exciting new sport here in Canada, and we need funding.

Currently we are seeking ongoing sponsorship from Canadian businesses and individuals.

CAHC and CASA receive no government funding and depend on donations and fundraising to support their athletes and to continue their operations.

To contribute to the CAHC and CASA,
please send your tax deductible donation to:

Canadian Amputee Sports Association
3 Concorde Gate Suite 104, Toronto, Ontario M3C 3N7
(Registration #13102 6809 RR0001)
